Raleigh House wins Off-lympics

■ OFFWELL School put all their sporting excellence into practice in their combined 'Off-lympics' and traditional sports day.

The staff have worked closely with a sports coach, Will Bardot, to develop the

children's core physical skills and judging by the displays of speed there are some future Olympians developing locally.

All the children from the nursery to year six took part and races were run in good

spirits with a healthy edge of competition between the two school houses, Drake and Raleigh.

This year Raleigh came out on top and the house captains were very proud of their teams.
