

Offwell C E Primary School
September 2016

Dear Parent/Carer,

Spotty the puppy joined Ash Class last year and he would love to spend a weekend with each of the reception children in turn. Please see the attached timetable for his weekends away from class!

The reason for this activity is to give the children the opportunity to share and compare their **experiences of regular family life** (their culture) with others - this is an objective within the curriculum. It is also an excellent opportunity to practise speaking and listening skills within the class.

Please write a brief paragraph about something you enjoyed doing together (with a photograph or picture if you wish!).

e.g. Enjoying a Sunday roast dinner together.

Walking with the dogs in the woods.

Attending a family party.

Playing football in garden with

The diary will go home on a Friday and be brought back into school on Tuesday, where it will be shared with the rest of the class. This will happen at 2.55pm and you are welcome to come into class to share the experience with your child.

Please come and see me if you have any questions!

Kind regards,

Mrs Hunt
