Erasmus+ update

Julie Williams and I attended the ERASMUS+ Transnational Meeting in Italy from 26 to 30 March. Altamura and the surrounding area will provide a wealth of opportunity for our children's learning with a number of high profile attractions and opportunities. I posted a number of these on the Twitter account through the week and received a high level of feedback from parents and the school community resulting from the tweets. Julie and I have been able to share a little of our trip, however the main time for this will be in preparation for the children's visit next year.

The link in Spain has been celebrated again within Collective Worship as their annual Easter celebrations are nationally renowned through Spain, I was able to share photos and videos – the children remembered seeing the costumes and learning about the Easter Celebration previously.
